Decision!**

**Looks, Feels and Performs
Like Canvas! At 1/5 the price!**

X2 is double thick paper that looks, feels and performs like canvas.

It works great with acrylics.

If you want the more rigid feel of a panel, have students tape an X2 sheet to a canvas panel, using the panel as a reusable artboard.

(You buy the panel only once!)

X2 Canvas PaperTM is Bright White.
